

**Chi Heng continued to carry out activities of student services and fund raising in different locations in China from February to April 2019.**

Since mid-January, the educational drama “The Starfish who Loves to Learn”, sponsored and hosted by Hoe Hin Pak Fah Yeow Manufactory Limited and produced by Drama Wonderland, has toured more than 40 primary schools in Hong Kong. The show uses the story of Chi Heng to encourage the students to explore their interests in learning. Hopefully more people can get to know Chi Heng and support Chi Heng. It is hoped that Hong Kong students will increase their positive energy through this show.

12 Chi Heng sponsored university students from China went to Hong Kong to participate in the Standard Chartered Marathon between February 15th and 18th. They also visited “Tai Kwun” and other places to have a glimpse of the Hong Kong culture and felt the atmosphere of the cosmopolitan city. On February 17th evening, the students joined the Chi Heng Spring Festival Gala where they met and shared their experience with the Chi Heng supporters.

In the evening of February 17th, Chi Heng held the “Passion & Love” Chi Heng New Year Dinner 2019” at the Regal Hong Kong Hotel in Causeway Bay. More than 100 Chi Heng friends participated.
