智行基金会

将智慧付诸于行动
一起帮助困境儿童

智行基金会与求球行动项目合作，为河南贫困山区儿童募集运动器材、美术材料与其他教具，该项目将持续一年。

“**求球行动**”是由国际学校学生及其家人于2019年创立的项目。此次活动通过动员中国的国际学校社区向智行基金会的学生捐赠新的或二手篮球和运动器材、美术材料和其他教具，旨在支持河南贫困山区儿童身心获得全面发展。

智行基金会，创办人杜聪先生，在二十世纪九十年代后期多次到访中国，目睹华中地区贫穷的村民因卖血而引发的一场灾难。这样的情景令他大为动容，因而毅然决定放弃在华尔街投资银行的成功事业，全身心投入帮助艾滋遗孤。智行提供全方位援助，不但向遗孤提供学习的机会，还有心理和社会的支援，帮助他们克服自幼失去至亲的创伤，以及不被“来自艾滋家庭”的社会标签所影响。智行希望这些孩子不会因父母是艾滋病毒感染者而感到羞愧，可以勇敢成长，重获自尊，最终能够自立更生，成为社会上有建树的一员，并富有社会责任感去帮助他人。迄今，智行是救助中国受艾滋病影响儿童和贫困孩子的其中一家最具规模、服务时间最持久及最全面的非政府组织。

Cooperated with Bring Me a Ball ,Chi Heng Foundation will collect sports equipment, art materials and other educational resources to sponsor students of rural schools in Henan Province, the project will last for one year.

Bring Me a Ball was founded in 2019 by international school students and their families. It mobilizes the international school community in China to donate second hand and new basketball and sports equipment, art materials, and other resources to Chi Heng Foundation to support underprivileged children in remote areas on their physical, mental, and artistic development.

Chi Heng Foundation was founded by Mr. Chung To in 1998. Mr. To visited China repeatedly in the late 1990s and witnessed a crisis caused by poor villagers in central China who sold blood, and he was moved so much that he resolutely decided to give up his successful career in Wall Street investment banks and devote himself to helping AIDS orphans.

Chi Heng provides all-around assistance, not only providing learning opportunities to orphans, but also psychological and social support to help them overcome the trauma of losing a loved one since childhood and not be affected by the social stigma of "coming from an AIDS family". Chi Heng has since also expanded to help exceptionally poor areas where even basic necessities like water even rice may not be readily available.
